#	SKU	TEST SUBSTANCE	%	VEHICLE	#1	#2	#3	#4	
1	ST170	potassium dichromate	0.5	petrolatum					
2	NA07	p-phenylenediamine	1	petrolatum					
3	NA60	thiuram mix [A]	1	petrolatum					
4	NA51	neomycin sulfate	20	petrolatum					
5	NA21	cobalt (II) chloride hexahydrate	1	petrolatum					
6	LA527	caine mix III	10	petrolatum					
7	ST167	nickel sulfate hexahydrate	5	petrolatum					
8	NA72	2-hydroxyethyl methacrylate ( <i>hema</i> )	2	petrolatum					
9	NA24	colophony	20	petrolatum					
10	ST169	paraben mix [A]	16	petrolatum					
11	ST168	n-isopropyl-n'-phenyl-p-phenylenediamine ( <i>ippd</i> )	0.1	petrolatum					
12	NA64	lanolin alcohol	30	petrolatum					
13	ST181	mercapto mix [C]	2	petrolatum					
14	NA33	bisphenol a epoxy resin	1	petrolatum					
15	NA12	balsam of peru ( <i>myroxylon pereirae resin</i> )	25	petrolatum					
16	NA08	p-tert-butylphenol formaldehyde resin	1	petrolatum					
17	ST160	2-mercaptobenzothiazole	2	petrolatum					
18	NA94	formaldehyde	2	water					
19	NA38	fragrance mix	8	petrolatum					
20	NA57	sesquiterpenelactone mix ( <i>2 ml</i> )	0.1	petrolatum					
21	EM408	sodium disulfite	1	petrolatum					
22	NH400	propolis [B]	10	petrolatum					
23	AP125	methylchloroisothiazolinone/ methylisothiazolinone	0.02	water					
24	CS497	budesonide	0.01	petrolatum					
25	CS498	tixocortol-21-pivalate	0.1	petrolatum					
26	ST177	methyldibromo glutaronitrile ( <i>mdbgn</i> )	0.5	petrolatum					
27	NA70	fragrance mix II	14	petrolatum					
28	ST161	hydroxy-methylpentylcyclohexene- carbaldehyde ( <i>lyral</i> )	5	petrolatum					
29	AP124	methylisothiazolinone	0.2	water

Clinic / Office Name and Address:

### PATCH TEST RESULT CODING:

- + Weak Positive** non-vesicular with erythema, infiltration, possibly papules
- ++ Strong Positive** vesicular, erythema, infiltration, papules
- +++ Extreme Positive** bullous or ulcerative
- ? Doubtful** faint macular erythema only
- IR Irritant** pustules as well as patchy follicular or homogeneous erythema without infiltrations are usually signs of irritation and do not indicate allergy
